

HKSTP 1-Year Student Internship 2008-2009

"An invaluable chance to experience the exciting science and technology industry developments in Hong Kong and China"

Hong Kong Science and Technology Darks Corporation (HKSTD)

HKSTP is a statutory body that plays a leading role for Hong Kong to become a major international centre of innovation and technology development in the focused clusters of electronics, biotechnology, precision engineering and information technology / telecommunications and design industries. Our state-of-art facilities and full-range support services provide a venture ground for scientists, technologists, entrepreneurs to pursue their careers here.

HKSTD 1-year Student Placement Program

HKSTP dedicates support to the growth of future generation for the science and engineering fields. Last year, we placed over **100 students** to our member companies for various internships and student project programmes.

Exciting opportunities of 1-year work-study programme are now open to undergraduates of Engineering, Science, Business..... For details, please refer to individual positions posting by the companies.

Work Duration

Placement opening all year round. Placement duration can be 6, 8 or 12 months (to start from June 2008, subject to availability of students)

Prospects

- ★ A fastly expanding industry a chance to secure your employment after graduation.
- Learning opportunities from growing and successful enterpreneurs

Application Method

Please refer to announcements of your Department or Career Centre. Submit cover letter, CV and please state the job position and the company you are applying for. Shortlisted candidates will be contacted by respective companies.

You may learn more about HKSTP and our member companies by visiting

"Joining the internship programme at HKSTP deepens my knowledge and enriches my understanding of a real-life work environment.

With the work experience I

With the work experience I have gained, I hope upon my graduation will empower me to find a good position."

Mr Boliang Jia, James, 3rd year Electrical and Electronic Engineering Student, The Chinese University of Hong Kong, as 1-year Student Intern at Material Analysis Lab of HKSTP Corporation
