

Ahsay Backup Scholarship 2015/16

Donor

Established in 1999, Ahsay Systems Corporation Limited (Ahsay) is the world's leading backup software vendor based in Hong Kong. With over 4,000 customers from over 75 countries worldwide, Ahsay is the market leader in online backup software solutions targeted at SMEs worldwide.

Aim

The Scholarship aims to reward outstanding students in the field of engineering. It offers students summer internship opportunities to apply their academic knowledge which could help students to build a growing portfolio to start his/her professional career.

Scope

4 awards of HK\$40,000 will be awarded to 4 non-final year undergraduate students.

Ahsay will select 4 candidates for the Scholarship in April 2016 and confirm the offer of the 2-month summer internship (with normal pay). Scholarships and Financial Aid Section of the Office of Admissions and Financial Aid (OAFA) will arrange award payment to the awardees upon their satisfactory completion of the 2-month summer internship at the beginning of academic year 2016/17.

Eligibility

The Scheme is open to application by any full-time, non-final year undergraduate who meets the following criteria:

- be full-time undergraduate students of the Department of Computer Science and Engineering / Department of Information Engineering / Department of Systems Engineering and Engineering Management;
- have attained a cumulative GPA of 3.0 or above up to the first term of academic year 2015/16; and
